

Kit includes:

- (1) Top attachment bracket
- (2) ½" head bolts and fasteners
- (4) ½" mounting bolts and fasteners

TUF-TUG 115-344 bracket shown is load rated for 5000 lb. anchorage on older Rohn monopoles with horizontal top mount.

- Installation can be attached with 2" x 2" head adaptor up as shown.
- Attach to structures with four each ½" HDG fasteners and torque to approximately 45 ft.lbs. or TIA turn of nut. Torque mark fasteners after installation.
- Connect TUF-TUG 115-302 cable and head assembly to adaptor with ½" x 3-1/4" long HDG fasteners provided and torque to 40 ft. lbs. or TIA turn of nut. Torque mark fasteners after installation.
- Allow wire rope to hang freely.
- Finish cable safe climb installation per specific TUF-TUG monopole cable safe climb instructions.

Note: Bottom anchor bracket not included in kit.
